SECTION 5 – Entry Procedures and Championship Format

Entry Procedures.

Entry Forms. Only the 10 student-athletes listed on the entry form may compete in the regional championship meet. Coaches will be able to change the 10 student-athletes on the entry form should the team qualify for the national championship meet. (See the [Pre-Championships Manual](#) for guidelines.)

Online entries will be available on DirectAthletics at 8 a.m. Eastern time beginning Monday, October 24 at 8 a.m. Eastern time. **Coaches must submit the forms ONLINE by 5 p.m. Eastern time, Sunday, November 6. Institutions submitting late entries are subject to a fine of \$400 per gender. The deadline for late regional entries is 5 p.m. Eastern Time, Tues. Nov. 8.** Any exceptions to the roster policy will only be considered in extraordinary circumstances and should be addressed in writing to the Track and Field and Cross Country Committee and NCAA championship manager, Laura Peterson-Mlynski. **Each institution should print a copy of its entry forms to hand-carry to the regional should any issues arise.**

The qualifying finish of teams and individuals at the regional meets will constitute entry into the national meet. After the regional championships, coaches will have until 9 p.m. Eastern standard time the Sunday prior to nationals to make changes to their roster for the national championship on Direct Athletics. **The system will shut down at 9 p.m. Eastern time sharp so please give yourself enough time to make the necessary changes to your rosters. If there are no changes to the 10 student-athletes on the entry form, coaches will still need to declare their team in TFFRS. No action will**

constitute a scratch. Any exceptions to the roster policy will only be considered in extraordinary circumstances and should be addressed in writing to the committee and NCAA championship manager.

Administrative Meeting.

The NCAA site representative and meet director will conduct a **mandatory VIRTUAL** administrative meeting Wednesday, Nov. 9 at 11 a.m. local time. It is **mandatory** that each institution is represented at the meeting. An institution missing the meeting will be assessed a \$200 fine per gender unless prior arrangements have been made with the NCAA liaison (Laura Peterson-Mlynski, lpeterson@ncaa.org) at least 48 hours prior to the meeting.

Final Declaration – Clerking and Check-In Procedure.

FINAL DECLARATION AND CHECK-IN: The head coach of each institution will be allowed to complete the check-in process on behalf of their team and/or student-athlete(s). Coaches will be required to ensure student-athletes comply with all uniform and logo requirements as well as ensuring their student-athletes report to the starting line not only wearing their hip numbers, bibs and chips, but wearing the **proper** hip numbers, bibs and chips. Uniform and logo rules contained in Rule 22-3 of the NCAA Cross Country/Track and Field Rule Book and Bylaw 12.5.4 in the NCAA Manual shall apply. Failure to comply with these championship policies and the requirements surrounding uniform and logo rules may result in disqualification.

Coaches must check-in their student-athletes with the clerks at the assigned clerking location up to 80 minutes prior to the start of their race. Coaches are encouraged to check-in as soon as possible, but not later than 20 minutes prior to the race. Check-in will **NOT** be allowed at the start line and coaches must check-in all teams/student-athletes at the assigned clerking location. Again, be reminded that if an institution declares more than seven student-athletes during packet pickup (i.e. takes an eighth or ninth set of hip numbers, chips and bibs), those additional hip numbers, chips and bibs **must** be returned to meet management, in the clerking area, no later than 20 minutes prior to the start of each respective race.

Please note that teams and/or individuals that are checked-in late and not in accordance with the times outlined in this manual will jeopardize participation in their race, will have a letter sent to their institutional athletics director and will have a financial fine assessed for failing to abide by championship policies.

SQUAD SIZE: Teams are limited to a maximum of seven (7) competitors. A team running more than seven will be disqualified and the action will be considered misconduct. Institutions entering **five to seven** runners in the meet must compete as a team. If fewer than five competitors run, they will compete as individuals.

Packet Pick-Up.

Packets will be available Friday, Nov. 11, from 12:00-4:00 PM located at the start line of the course. They will also be available the morning of the race.

Course maps and descriptions will also be available and host representatives will be there to answer any questions on the course.

Practice Schedule.

Practice access to the course is limited to Friday and the day of competition, weather permitting. Practice will be all day Friday, Nov. 11. The course will also be open in the week prior to the regional meet for anyone who would like to access it. The course will be open at 7 am the day of the race.

**Please check Aurora University Athletics Twitter feeds for severe weather updates on race day if needed.

Finish-Line Procedures.

Details on the timing chips and championship bibs are located in **Appendix A**.

The order of finish will be verified. Two cameras will be on each of the finish line mats. A secondary video system will be used as a backup. Timing mats may be used on the course at select marks. Men's and women's splits and team scores may be collected and displayed in the final results. While student-athletes may run over mats at other locations, splits may only be taken at the designated locations.

Runners should continue racing past both sets of mats at the finish line. Once they have crossed the mats, runners should continue to move through the finish chute to their designated box for retrieval of their warm up apparel. Runners need not maintain their order of finish in the chute. Water and athletic trainers will be available at the end of the finish chute. Coaches can wait for runners outside of the finish chute.

Results.

Coaches can pick-up a copy of results at the results table near the finish line. Official results will also be posted on the host website in a printable format. Live results will be available at Shazamracing.com

Protests.

A protest/appeals table will be located near the finish line by the coaches' only results area. Forms will be available for the head coach to provide information about the alleged incident or problem, citing the NCAA rulebook. The head referee's ruling and explanation will be posted along with the results of the race. The 15-minute protest period does not begin until the results of the last race have been posted.

Medical.

The following information pertains to athletic training and medical coverage for the championships:

- The medical tent on-site will be open from 10 am until 30 minutes after the second race Saturday, Nov. 12, the tent will be supplied with muscle stim, ultrasound, combination stim/US, hot packs and ice.

Weather Policy.

For the safety of all spectators, student-athletes, officials and coaches, the following will be used in case of severe weather (e.g., cold temperatures and/or heavy snow):

1. The meet director and NCAA site representative will monitor the weather during the week and morning of the regional championships.
2. All announcements regarding delays and/or postponements will be posted on the Aurora University main athletics page at <https://athletics.aurora.edu/> and also on twitter @au_spartans
3. The games committee will determine whether the start of the meet should be delayed or if the meet should be postponed until the following day. All consideration should be taken in regard to the policies toward Sunday competition for each institution.

4. If the race has already begun and would have to be suspended in the middle of the competition, the track and field and cross country committee would recommend the following:
 - a. **Women's 6,000 Meter.** If competition is suspended before the 2,000-meter mark, you may run the same day with a two-hour delay. If competition is suspended after 2,000 meters we would recommend postponement until the next day.
 - b. **Men's 8,000 Meter.** If competition is suspended before the 3,000-meter mark, you may run the same day with a two-hour delay. If competition is suspended after 3,000 meters we would recommend postponement until the next day.
- ** Appropriate provisions will be made to the facility to ensure the safety of competitors and spectators. The games committee reserves the right to make changes to the above policies and schedules as they see fit.

Drug Testing.

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championships events.

Although knowing before competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that postevent NCAA drug testing will occur at this regional championships event. Please inform your student-athletes that in the event they are notified of their selection for drug-testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. At individual championships, drug-testing couriers will be instructed to remind selected student-athletes of such.

Uniforms.

In all events and award ceremonies, competitors must wear the proper uniform (warm-ups included) of the institution they represent in the regional championships.

Uniforms for all cross country team members must meet the following criteria: (1) school issued; if they are singlets, they must be identical; (2) pants may be of any length but must have identical color; (3) visible undergarments must be of an identical solid color; and (4) other visible garments useful in team recognition (that is, T-shirts, arm-warmers, tights of any length, leg-warmers, each taken separately) worn by team members must be of an

identical color. This does not apply to items of apparel above the shoulder or those covering the hands/feet. Uniforms must be clean and of a material and design so as not to be objectionable.

Bare midriff tops are not acceptable. (Note: The uniform top must meet or hang below the waistband when the competitor is standing.)

Uniforms must allow for competitors' numbers to be placed above the waist (front and back).

Logo Policy.

The provisions of NCAA Bylaw 12.5.3 indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, and parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

Gameday the DIII Way.

Division III promotes an atmosphere that is a respectful and engaging educational environment through athletics, for everyone through Gameday the DIII Way. Gameday the DIII Way establishes an expectation for championship hosts, coaches, student-athletes and spectators to focus on the common standards of safety, responsiveness, dignity and experience while participating or attending a championship event. We ask that each

participant and attendee be personally accountable for their actions and do their part to ensure this event is a positive reflection of Gameday the DIII Way.

Misconduct.

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law occurring incident to, en route to, from or at the locale of the competition or practice that discredits the event or intercollegiate athletics.

Criticism of Officials.

Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.8.

Misconduct Incident to Competition.

If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between races) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee's convenience.

Emergency / * Evacuation Plan.

**See Appendix [E](#) for an emergency/evacuation plan for the regionals.*

Lightning Policy. The purpose of this lightning policy is to provide a uniform code of procedures to follow during weather where the risk of lightning strike is high. This is done to protect the health and wellbeing of the student-athletes.

Ceasing Activity. The NCAA has made arrangements through Schneider Electric to provide a lightning-detection and weather-monitoring system. Weather will be monitored electronically. In case there are issues with the Schneider Electric weather monitoring system, the SkyScan Lightning Detector (portable, electronic) and Internet Doppler radar will be used.

The primary method of communication, in case of inclement weather, will be through the public address announcer. The PA announcer will inform all teams, fans and spectators to seek shelter immediately.

Flash-to-Bang Method. The flash-to-bang method will also be used as a visual reference.

Shelter Locations.

The Fox Valley Ice Arena will be used for evacuation and shelter in the event of inclement weather.

Appendix A – Chips/Bibs Special Instructions

COACHES

All coaches will receive bib numbers and chips for each participant as part of the packet obtained during packet pick-up Friday, Nov. 11. Each packet will contain the following:

- Two championship bibs for each participant, which should be pinned on the front and back of the participant's singlet.
- Sixteen safety pins.
- Timing chip(s).

RUNNERS AND COACHES

Participants must wear timing chips and bibs in order to receive finishing time and place. The Finish Lynx system will record times and places; however, all close finishes will be verified by Lynx cameras, so bibs **MUST** be worn.

Attaching Timing Chips. Each participant will receive timing chips in his or her packet. Participants should attach their chips to the front of their shoes by threading their shoelaces through two holes in the chip and then retie their shoelaces. Please do not flatten out the chips. If they are flattened out, they will not read. Participants should ensure that chips are centered on their shoes.

After the end of the races, the student-athletes can keep their timing chips as part of their championship experience.
